VISION FOR THE FUTURE

2 years:

1 year:

180 days:

90 days:

- What is the cost to me?
- What is the cost to business?
- What is the cost to balance?
- How does it move me closer to vision?

TODAY

the ladder process

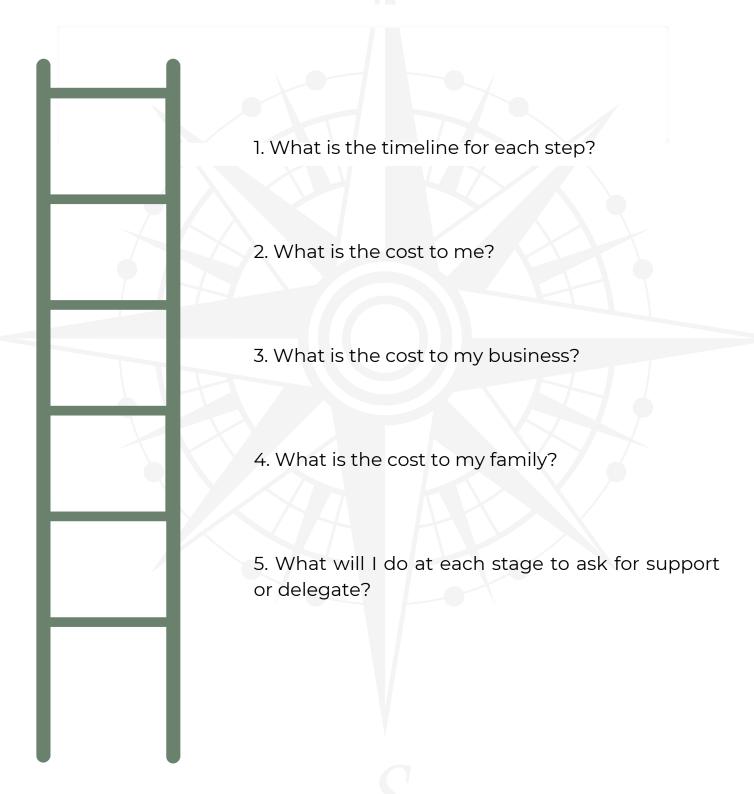

- Create a VISION for the future
- Look at where you are today
- Establish a "rung" which moves you closer to the vision (starting with a 90 day view)
- Measure the cost of moving past that rung: to self, business, and balance.
- Move with confidence to the next rung, celebrating progress.
